Always New

By: Kurt Mach

What gifts did you receive for Christmas? My mother was great at giving gifts that were always a surprise... things that were not expected. I tend toward fun stuff for kids and practical, useful things for grownups. Revell is much more creative and brings balance to the whole affair.

One year we gave a family Christmas treasure – A Snowman Punch Bowl & Mugs my mother made in 1962 – to our son and his family. We had had it for 30 years and they were excited to receive it as part of their family. But most of what we give each other is new, never been owned before whether handmade or purchased with loving intent.

Most of you have been through so many Christmas and New Year experiences that they don't feel new at all, but rather a fresh expression of something we are well familiar with. Please consider this – Everything we receive from God is absolutely, never been used before by us or anyone else NEW! His mercies are not the only thing new every morning. Every day we wake up to has never been experienced before.

2016 is completely new and as yet unused. It is also NOT scripted. God has put a great deal of thought and preparation into what we will encounter, and hopefully discover in this New Year. Please don't let anyone else define it for you. Please don't let anyone else predict what it will, or should be. Please look forward into it with hopeful anticipation, knowing that God – who alone can make it happen – plans to reveal New Life to you in ways you have never known before. Please simply walk into this year expecting God to be Himself, unchanged by what anyone else does. He has great hopes for you this year and is excited about you unwrapping everything new He has crafted especially for you.

No one loves us like God does!
