### Life Group Open House

Starting Wednesday September 11th and continuing through the rest of the month we will be having an open house style Life Group meeting in the coffee corner of PCF. The group will meet from 630-8pm, have a snack, discuss a bible story and enjoy some time of fellowship. This will be a great opportunity to see what Life Groups are all about. We hope to establish a new Life Group this fall if there is enough interest. If you have any questions reach out to the office. If you've never attended a group, we hope to see you there!!!

## *It's In The Details*

*I've been thinking about microscopes and telescopes. From looking into the tiniest sub-microscopic particles, or out into deep space through Hubble and Webb telescopes, the details are astounding!*

*I watched a program about a brain surgeon who is doing non-invasive, ultra-sound brain surgery. He can accurately target and remove the plaque on blood vessels in the brain that cause Alzheimer's. He uses the same technology to bring relief from Parkinson's disease and addiction compulsions. Lest you think this is snake oil or smoke & mirrors, patients and family members demonstrate and testify to the restored lives they have gained through this surgery.*

*Whether looking through a microscope into the human body, or a telescope at stars and galaxies thousands of lightyears away, the precise details we see are what give us knowledge and understanding beyond our wildest dreams not too many years ago. How did people come to construct such astounding, detail revealing devices? They explored the physical reality around them, and discovered formerly unknown details that could be brought together to make tools more precise than ever existed before. That's easy to understand and believe, isn't it?*

*But I admit it has left me perplexed in another area of human understanding. Could any intelligent, knowledgeable person be shown a microscope or a telescope and not believe someone created it? Yet, many tell us they can look through either of those instruments at the amazing details they reveal and believe no one made what they are looking at. It supposedly just spontaneously self-constructed by way of evolution.*

*Do the wonders of telescopes and microscopes exceed the marvel of what can be seen through them? They do not. Yet some would have us believe that though the lesser items must have been purposefully constructed, the far greater ones were not.*

*We are about to begin a new school year. How many innocent children will be taught the "Theory" of evolution as science. Sadly, they will also be told that the glorious things human construction reveal to be absolutely true were not created on purpose; that creation science is a religious fantasy.*

*I have long been one plagued with common sense and logic. And I confess I have a hard time believing what just doesn't make sense.*

## Husband Discussion Group

Because of the Calvary Men's Retreat, the husband's group will resume in October. If you are a married man, or have been, you are welcome to join us in exploring how we can do our best in this vital role we occupy as God's man for the woman we are married to. This is discussion & discovery based, not instructional. Touch base with Pastor Kurt if you have any questions.

Saturday September 28th 9am—noon is our next work party. If you are able to come lend a hand all help is greatly appreciated. There are many indoor and outdoor tasks. Come with some gloves and we will put you to work!

Generally office hours will be Tuesday 9am-1pm and Wednesday from 1-4pm. If you have a specific need to see me in the office, please call or text me at: 360-710-9206 or email the office to schedule and appointment.

Tithes and offerings can be given at church, by mail or online. At church place your tithes and offerings in the box outside of the church office. For giving by mail; send your check to Peninsula Christian Fellowship at the address below. For online giving; go to the website and scroll down to the "Donate Now" button to give through the Tithe.ly app.

Are you between the ages of 18 and 28? You're welcome to join THRIVE. They meet Thursdays at 6:45PM in the Sanctuary for a snack, worship, a message, and discussion groups! For more information about Thrive go to their website: [www.thriveharbor.com](http://www.thriveharbor.com)
